

Planet Report: Incident CoCanDa

Technical Findings

- **Timestamp:** Mon, 25 Jan 2021 22:41:18 -0800 (PST)
- **Target Recipient:** themajoronearth@gmail.com
- **Sender Spoof:** billjobs@microapple.com
- **SPF Record:** Failed (Indicates spoofing/unauthorized sender)
- **IOC Domain:** pashter.com
- **Reply-To:** negeja3921@pashter.com
- **Email Intent:** Declaration of War
- **Payload:** PuzzleToCoCanDa.pdf (Base64 encoded; forensic analysis identified this as a disguised ZIP archive containing three hidden files detailing planetary coordinates and hostile directives).

Investigation Summary

An Earth-based Army Major received a suspicious email titled "A Hope to CoCanDa" containing a disguised ZIP payload. Analysis revealed the true sender to be threat actor **Pestero Negeja**, operating out of The Martian Colony near the Interplanetary Spaceport. The hidden files confirm an imminent act of war against the CoCanDa people. The current proof of life for the kidnapped President's daughter and other abducted citizens remains unverified.

- **Who:** An Earth Army Major (Target), Pestero Negeja (Threat Actor), the President's kidnapped daughter, and abducted CoCanDa citizens (Victims).
- **What:** A cyber transmission delivering an official declaration of war.
- **When:** Three days following the abduction of the President's daughter.
- **Where:** Originated from The Martian Colony (adjacent to the Interplanetary Spaceport); targeted at Earth.
- **Why:** To initiate an unprovoked interplanetary war against the CoCanDa.
- **How:** Delivery via spoofed email bypassing basic filters, utilizing a heavily obfuscated, Base64-encoded payload.

Strategic Recommendations

- **Escalate Administratively:** Immediately contact the Universe Court to present the intercepted threat intelligence and request emergency jurisdiction and intervention.
- **Deploy Task Force:** Authorize a covert, joint-forces extraction mission to rescue the President's daughter and the abducted citizens before hostilities commence.
- **Maintain Hostage Protocol:** Strictly refuse any direct negotiations or concessions with the threat actor.
